

From the founding of its first fire department in Provincetown in 1836, Cape Cod has had an exciting and unique firefighting history-as told in Cape Cod Firefighting. Rare and recently discovered photographs depict some of the areas largest fires, as well as its many innovations, from Provincetowns first Hunneman hand pumper, known as the George Washington, to the brush breakers uniquely designed to respond to the Capes devastating forest fires. Cape Cod fire departments also developed rescue squads that eventually evolved into the first emergency medical service system in Massachusetts to use paramedics. The images in Cape Cod Firefighting offer a tribute to the people and events that have shaped Cape Cods fire rescue service.

The Salton Sea: An Account of Harrimans Fight With the Colorado River [1917], Human Resource Management and Technological Challenges (Management and Industrial Engineering), Industrial Chemicals Technology Hand Book., Hot Deformation of Aluminum Alloys, Welding quality inspection technology [Paperback],
