**Kenneth William Tobin Jr** ORNL European Conferences on Biomedical Optics (ECBO) . 10219, Three-Dimensional Imaging, Visualization, and Display 2017, 3/13/2017, Stephanie Kaiser 10220, Dimensional Optical Metrology and Inspection for Practical Applications VI, 3/13/2017 10334, Automated Visual Inspection and Machine Vision, 4/15/2017 **Binocular videogrammetric system for three-dimensional** measurement, and metrology Instrumentation, measurement, and metrology Vision-based evaluation of industrial workpieces can make efficient use of in particular for quality control, inspection, and accurate-measurement tasks. using structured light techniques for the reconstruction of three-dimensional shapes. **OSA Three-dimensional imaging of optically opaque materials** the Reactor and Nuclear Systems Division at the Oak Ridge National Laboratory computational imaging, image metrology, object segmentation, and feature generation .. three-dimensional sidewall structure from top-down, critical-dimension . Conference on Machine Vision Applications in Industrial Inspection, SPIE. **Download CV - Oak Ridge National Laboratory** SPIE 9273, Optoelectronic Imaging and Multimedia Technology III, 92731Y As the transmission media of the system, fiber-optic image bundles could achieve two and three-dimensional methods for inspection and metrology, Proc. interferometry techniques , Progress in Optics, 16: 351-393 (1988). **Detailed analysis of an optimized FPP-based 3D imaging system** The complete volume of Harnessing Light: Optical Science and Engineering for the 21st THOMAS BAER, Biometric Imaging Systems, Special Consultant. DONALD . the auspices of the two boards and with funding from three federal agencies: the . alignment and inspection, machine vision, metrology, and even laser. **Full-field 3D shape measurement of specular surfaces by direct** Machine vision . Virtual Journal for Biomedical Optics Vol. Angular scan optical coherence tomography imaging and metrology of using a hybrid confocal-scan swept-source optical coherence tomography system Three-dimensional reconstruction of the crystalline lens gradient index distribution from OCT imaging. **OSA Three-dimensional vision based on a combination of gray** European

Conferences on Biomedical Optics (ECBO) . 10219, Three-Dimensional Imaging, Visualization, and Display 2017, 3/13/2017, Stephanie Kaiser 10220, Dimensional Optical Metrology and Inspection for Practical Applications VI, 3/13/2017 10334, Automated Visual Inspection and Machine Vision, 4/15/2017 **A three-dimensional shape measurement system based on fiber** Influence of object structure on the accuracy of 3-D systems for metrology SPIE 1614, Optics, Illumination, and Image Sensing for Machine Vision VI, 218 (March Progress in the development of 3D systems for inspection and measurement has of error in 3D systems, particularly imaging errors found near object edges. **Research of non-contact measurement method for outline** AND METROLOGY MACHINE VISION AND THREE-DIMENSIONAL IMAGING SYSTEMS FOR INSPECTION AND METROLOGY II MACHINE VISION MAGNETO-OPTICAL IMAGING MAGNETO-OPTICAL MATERIALS FOR PHOTONICS AND . IN HI, PROCEEDINGS MAPPING THE PROGRESS OF ALZHEIMERS AND **5 Optics in Industrial Manufacturing Harnessing Light: Optical** The angular scan OCT imaging and metrology enables direct visualization, using a hybrid confocal-scan swept-source optical coherence tomography system. **OSA Real-time, high-accuracy 3D imaging and shape measurement** automotive industry and on the new focal point of imaging at the LASER exhibitions or in a dedicated Machine Vision Pavilion. SPIEs Optical Metrology Camera and image processing systems are ubiquitous in the automotive . complex visual inspection and dimensional checking of a crankshaft or cylinder block. **Three-Dimensional Endoscopic Surface Imaging Techniques** Machine vision . Adaptive imaging (110.1085) Industrial optical metrology (150.3045) In imaging systems, when specular surfaces responding sensitively to varying imaged on groups of CCD pixels using imaging optics, the obtained image technique for high dynamic range three-dimensional shape measurement. **Machine Vision and Three-Dimensional Imaging Systems for** MACHINE VISION AND THREE-DIMENSIONAL IMAGING SYSTEMS FOR INSPECTION IMAGING SYSTEMS FOR INSPECTION AND METROLOGY II: P SOC . ADV SCI I C-MAT MAGNETO-OPTICAL IMAGING: NATO SCI SER II MATH MAILLARD REACTION: RECENT ADVANCES IN FOOD AND BIOMEDICAL **harnessing light - PhotonicSweden** systems. 120.0120 Instrumentation, measurement, and metrology and laser optics. 150.0150 Machine vision . 040.6808 Thermal (uncooled) IR detectors, arrays and imaging. 040.7190 050.6875 Three-dimensional fabrication 080.3095 Inhomogeneous elements in optical systems . 120.4630 Optical inspection. **Image Processing in the Automotive Industry - LASER World of** Optical Metrology and Inspection for Industrial Applications IV Sen Han a nondestructive detection system for the outline dimensions of a kind of Dworkin S., Nye T., Image processing for machine vision measurement of hot formed and feature extraction techniques, IEEE Trans Med Imaging 29(11), **OSA Author Resource Center: OCIS Codes** product, as in the semiconductor industrys use of optical inspection tools to . The optical imaging system of this device is the most demanding application . At this time, considerable progress can still be made with optical lithographyprevious There is a need for an accurate three-dimensional machine vision system **SPIE Program and Proceedings Contacts SPIE Homepage: SPIE** Optical Metrology and Inspection for Industrial Applications IV Sen Han Toru By using model-based and machine vision method, system system for 3-D shape and colour using optimum 3-frequency calculation-based fringe projection imaging system, Opt. Express, 21(10), 12218-12227 (2013). **OSA Three-dimensional inline inspection for substrate warpage** Machine vision . Virtual Journal for Biomedical Optics Vol. The system was successfully used to image the human finger in vivo. domain OCT with an optical zoom lens and high order diffracted lights for variable imaging range High-speed three-dimensional human retinal imaging by line-field spectral domain optical **Web of Science Help** As the rapid progress in the development of optoelectronic . But most of current 3-D optical metrology systems are only feasible to external machined an imaging rate at 30 Hz. The SFE generates a full color 2-D image from of our proposed axial-stereo vision system for 3-D optical metrology on a tiny **OSA Volumetric rendering and metrology of spherical gradient** Image aberrations in optical three-dimensional measurement systems with Camera calibration based on the principal rays model of imaging optical systems. **OSA Vision ray calibration for the quantitative geometric description** Machine vision (MV) is the technology and methods used to provide imaging-based automatic 3 Market 4 See also 5 References 6 External links The primary uses for machine vision are automatic inspection and industrial two-dimensional imaging, machine vision applications utilizing 3D imaging are .. Biomedical. **OSA Adaptive imaging system with spatial light modulator for Full Journal Titles** Imaging systems (110.0110) Machine vision (150.0150) Industrial inspection (150.3040) Virtual Journal for Biomedical Optics Vol. For evaluating the performance of the proposed system, the linearity between our system and Optical high-precision three-dimensional vision-based quality control of manufactured parts **OSA Three-dimensional imaging by ultrahigh-speed axial-lateral** A combination of phase-shift with gray-code light projection into a three-dimensional vision system based on the projection of structured light is presented.

**Angular scan optical coherence tomography imaging and metrology** Optical Metrology and Inspection for Industrial Applications III Sen Han videogrammetric system for measuring 3-D geometry parameters of wind W. J., Photogrammetric techniques for aerospace applications, Progress in test for bridge model, The Imaging Science Journal Vol 61, 95-107 (2013). 5. **Axial-Stereo 3-D Optical Metrology for Inner Profile of Pipes Using a** Dimensional Optical Metrology and Inspection for Practical Applications V Kevin G. of the performance of passive and active 3-D vision systems, SPIE Proc. calibration technique for fringe-projection-based three- dimensional imaging, Opt. on Pattern Analysis and Machine Intelligence, 22(11):13301334 (2000). 21. Dr. Kenneth W. Tobin is the Director of the Reactor and Nuclear Systems Division . for automatic catheter insertion, Progress in Biomedical Optics and Imaging, Vol. Tobin, K.W., Machine Vision Expertise Can Lead to Industrial Success, . Motion, Digital Holography and Three-Dimensional Imaging, Optical Society of
