

talar (Persian Edition)

talar presents a unique collection of short stories in from the kaleidoscope of indigenous Iranian literature: this is literature about sorrow, pain and happiness of the people of my country, here in the gestalt of gileki* story. talar is the most expcetional of its genre in gileki: to reflect, remind and call their life into our consciousness. Beyond the many genuine elements of life and culture of these people, talar is also a unique linguistic richness of gileki words, terms, and proverbs, a language heritage which is partly forgotten and in danger of loss.
