

# A thousand and one / Haiku for everyday use / By Nathan Smithe: Volume 2

Whats the deal with the Backstreet Boys these days? Are they doing ok? You know Im not even sure if thats the band with Justin Timberlake. Is that N-Sync? Whats up with Justin Timberlake? Is he bringing sexy back? Was that a couple years ago? I remember back when Backstreet Boys were on top of their game seeing a guy in a little car at an intersection in my hometown just blasting the crap out of Backstreet Boys. It could have been N-Sync. Dont get my started on O-town! Thanks a lot Jessica Simpson, breaking up what was to be the greatest thing from Florida since Papa Roach. Sheesh! Anywhoozle. Comin back here to you once I figured it out. You were right here all along. Its like youre my mirror, My mirror staring back at me. I couldnt get any bigger with anyone else beside of me. And now its clear as this promise that were making two reflections into one. Cause its like youre my mirror. My mirror staring back at me, staring back as me.
