

A landmark in Shakespeare studies, this version of The Complete Oxford Shakespeare is the first critical edition of the complete works in the original spelling and punctuation. It is based on the most thorough examination ever undertaken of the nature and authority of the earliest manuscripts, representing eight years of work by a team of British and American scholars. The works are arranged in conjectural order of composition based on the new research, and where the opportunity for choice existed, the spelling and punctuation of the text closest to Shakespeares own manuscript has been chosen. With this Original Spelling Edition scholars and general readers have for the first time-- · The uncensored text of Henry IV and the original titles of three other plays · Edited texts of King Lear both as Shakespeare originally wrote it and as it was revised for performance years later Additional features include-- · Major textual alternatives--first versions and deleted lines--are printed as additional passages · Stage directions have been reconsidered in light of the plays original staging and many directions have been added · Conjectural stage directions and speech prefixes are identified in brackets · A general introduction, brief introductions to each work, and an essay on the language of Shakespeares time are provided

Der Amerikaner: Roman (1907) (German Edition), A Commentary on Homers Odyssey: Volume I: Introduction and Books I-VIII, Experiments in Physics, Civil Drafting Manual Part 2-CDM, Eu e Outras Poesias (Ilustrado) (Literatura Lingua Portuguesa) (Portuguese Edition), Department of the Army Pamphlet DA PAM 385-64 Ammunition and Explosives Safety Standards Rapid Action Revision (RAR): 10 October 2013, Out of the Depths (Father Baptist Series Book 4),
