

Abi Taylor is a 22-year-old rich girl who is sick of meeting potential stepmothers and being used like a puppet by her overbearing, money-hungry father. When she meets her father's latest fiancée, Emma, life is turned on its head and her entire sexuality is brought into question. But she soon realises that her sexuality is the least of her problems as she is pulled into her father's corrupt world, where betrayal is rife, blood means nothing and sex is everything... She wants out, but how can she escape the man who controls her every move? Drawn down a path of seduction, bondage and blackmail she gets a taste of erotic decadence...and she likes it...but can she come out of it with it all? The money, her freedom and the girl... Or will she lose it entirely?
